

## [The Rescue of Data At Risk: An RDA / CODATA Workshop - Sept 8-9, 2016](#)

**Location** - *National Center for Atmospheric Research* (NCAR)  
[Center Green Campus, Building CG1, Center Auditorium](#)  
3090 Center Green Drive, Boulder, CO 80307, USA.

### **AGENDA - All times Mountain Daylight Time**

#### **Day 1 - Thursday, Sept. 8**

9:00am - Welcome & Introduction

- Matthew Mayernik, NCAR Library
- Elizabeth Griffin, Dominion Astrophysical Observatory, National Research Council of Canada
- Mike Daniels, NCAR Earth Observing Laboratory

9:45am - Speaker Session #1

- [30 min] John Faundeen, U.S. Geological Survey
- [30 min] Stephen Del Greco, Black Swan Innovations

10:45am - Break

11:00am - Breakout Session #1 - Locating nearly lost data ("dark data")

12:00pm - Lunch - provided on site

1:00pm - Brief presentations of poster topics

1:30pm - Speaker Session #2

- [30 min] Lynn Woolfrey, University of Cape Town
- [15 min] Rosemarie Leone, European Space Agency

2:15pm - Breakout Session #2 - Long-term preservation of originals

3:15pm - Break

3:45pm - Speaker Session #3

- [30 min] David Gallaher, National Snow and Ice Data Center
- [30 min] Janine Aquino, NCAR Earth Observing Laboratory

4:45pm - Breakout Session #3 - Digitizing technologies

5:45pm - End

6:00pm - Reception (heavy hors d'oeuvres)

## **Day 2 - Friday, Sept. 9**

9:00am - Speaker Session #4

- [30 min] Jane Greenberg, Drexel University
- [30 min] Denise Hills, Geological Survey of Alabama
- [30 min] Mary Kennedy, Ocean Biogeographic Information System Canada

10:30am - Break

11:00am - Breakout Session #4 - Metadata & contents catalogues for at risk materials

12:00pm - Lunch - provided on site

1:00pm - Brief presentations of poster topics

1:30pm - Speaker Session #5

- [30 min] Usha Munshi, Indian Institute of Public Administration, New Delhi
- [15 min] Heidi McCann, National Snow and Ice Data Center
- [15 min] Darra Hofman, InterPARES Trust

2:30pm - Break

3:00pm - Breakout Session #5 - Long-term preservation of digitized records

4:00pm - Closing Discussion - How to go forward

- Elizabeth Griffin, Dominion Astrophysical Observatory, National Research Council of Canada

5:00pm - Reception (heavy hors d'oeuvres)

7:00pm - Public Lecture: University of Colorado, CIRES Auditorium, CIRES Building, Room 338

- Rick Crouthamel, International Environmental Data Rescue Organization  
Lecture Title - "Scientific Data From the Past: A World Heritage in Peril"
